3602	0	not marked		
1149	1	marked		

## Guide to Recoded Variables

Variables were recoded for three reasons. First, questions with response categories of “no” or “not marked” were recoded from a value of 2 to a value of 0. Second, variables were recoded to make responses consistent. For example, if an adolescent indicated he or she was not Hispanic but was Cuban, he or she was recoded to be Hispanic. Third, variables were recoded to ensure that results based on subsamples of the data were not based on a biased sample. For example, if an adolescent indicated he or she did not live with a father (Q.17) but then completed the rest of the questions about the father (Q.18 through 22), Q.18 through 22 were recoded as legitimate skips.

### Global Recodes

1. Questions with response categories of “no” or “not marked” were recoded from a value of 2 to a value of 0.

Variables affected: S4, S6A through S6E, S8, S10, S11, S13, S15, S17, S19, S21, S23, S25, S26, S29A through S29E, S30A through S30E, S31A through S31E, S32A through S32E, S33A through S33E, S34A through S34E, S35A through S35E, S36A through S36E, S37A through S37E, S38A through S38E, S39A through S39E, S40A through S40E, S41A through S41E, S42A through S42E, S43A through S43E, S44A1 through S44A33, S44, S49, S54, S551 through S55D, S56, S57, S58, S65, S66, S67, S68

### Consistency Recodes

1. Recoding S4 (Are you of Hispanic or Spanish origin?) and S5 (What is your background?) consistent with each other.
  - a. If a respondent did not answer “yes” to S4 but gave a specific Hispanic background in S5, then S4 was recoded as “1” (yes).
  - b. If a respondent answered “no” or “I don’t know” to S4 and either left S5 blank or answered “I don’t know,” then S5 was recoded as “97” (legitimate skip).
  - c. If a respondent left S4 blank and answered S5 “I don’t know,” then S4 was recoded as “8” (I don’t know) and S5 was recoded as “97” (legitimate skip).
2. Recoding S6C (What is your race? Asian or Pacific Islander) and S7 (What is your background?) to be consistent with each other.
  - a. If a respondent did not answer S6C but gave a specific Asian background in S7, then S6C was recoded as “1” (marked).
  - b. If a respondent did not answer S6C and S7 was not a multiple response, then S7 was recoded as “97” (legitimate skip).
3. Recoding S10 (If your school does not give letter grades, fill in this oval and go to Q.11.) and S10A through S10D (grade in English/Language Arts, Mathematics, History/Social Studies, and Science) to be consistent with each other.
  - a. If a respondent indicated in S10 that his or her school did not give letter grades, then the grade variables, S10A through S10D, were recoded as “97” (legitimate skip).

4. Recoding S23 (Are you a twin?) and S24 (Do you and your twin live in the same household?) to be consistent with each other.
  - a. If a respondent indicated in S23 that he or she was not a twin, then S24 was recoded as “7” (legitimate skip).
  - b. If a respondent left S23 blank or marked S23 with multiple responses but indicated that he or she lived in the same household as his or her twin, then S23 was recoded as “1” (yes).
  - c. If a respondent left S23 blank or marked S23 with multiple responses and indicated in S24 that he or she did not live in the same household as his or her twin, then S23 was recoded as “0” (no) and S24 was recoded as “7” (legitimate skip).
5. Recoding S25 (Are you adopted?) and S26 (Do you live with either of your biological parents?) to be consistent with each other.
  - a. If a respondent indicated in S25 that he or she was not adopted, then S26 was recoded “7” (legitimate skip).
  - b. If a respondent left S25 blank, then S26 was recoded as ● (missing).
6. Recoding S27 (How many people live in your household?) and S28 (In addition to you, how many other people who are in grades 7 through 12 live in your household?) to be consistent with each other.
  - a. If a respondent left S27 blank, then S28 was recoded as ● (missing).
  - b. If a respondent indicated in S27 that he or she lived by himself or herself or lived in a shelter or group home, then S28 was recoded to “97” (legitimate skip).
  - c. If a respondent entered a larger number of persons in S28 than in S27, S28 was recoded as “98” (error).
7. Recoding S44 (If you do not participate in any clubs, organization, or teams at school, fill in this oval.) to be consistent with participating in any of the 33 specific clubs, organizations, or teams.
  - a. If a respondent indicated participating in at least one of the listed activities (S44A1 through S44A33), then S44 was recoded as “0” (not marked).
8. Recoding S55A (a heart problem?), S55B (asthma?), S55C (other breathing difficulty?), and S55D (some other problem?) based on S54 (Do you have difficulty using your hands, arms, legs, or feet because of a physical condition that has lasted for the past 12 months or more?).
  - a. If a respondent indicated in S54 he or she did not have difficulty with his or her limbs, then S55A through S55D were recoded “7” (legitimate skip).
  - b. If a respondent left S54 blank, then S55A through S55D were recoded as ● (missing).

#### Subsample Recodes

1. If a respondent indicated that he or she did not live with a biological mother, stepmother, foster mother, or adoptive mother in S11, then subsequent questions regarding a resident mother were recoded “7” or “97” (legitimate skip). If a respondent did not answer S11, then subsequent questions were recoded as

- (missing).

Variables affected: S12, S13, S14, S15, S16

2. If a respondent indicated that he or she did not live with a biological father, stepfather, foster father, or adoptive father in S17, then subsequent questions regarding a resident father were recoded “7” or “97” (legitimate skip). If a respondent did not answer S17, then subsequent questions were recoded as ● (missing).

Variables affected: S18, S19, S20, S21, S22
